In this Edition:

1. Introducing Your New Hopper Experience
2. Notice: New Hotelbeds Wholesale Rate Plans
3. Notice: Upcoming TrueView Maintenance Window from November 15 – 19

News and Resources

Introducing Your New Hopper Experience

We continue to diversify third-party distribution opportunities, helping deliver incremental business to your hotel at the lowest cost. As a part of Radisson Hotel Group Americas, your hotel was enrolled in Hopper to help improve exposure to their core audience of younger travelers. We are excited to announce that later this month, your hotel will join the Choice experience with Hopper.

- **What is Hopper?** Hopper is an online travel agency (OTA) combining traditional travel agency offerings with proprietary fintech products. Their core audience is Gen-Z and Millennials, with 70% of their booking customers under the age of 35.

- **What's changing?** Your commission and rate plans will be updated:
 - **New Commission:**
 - 13% for Friday and Saturday nights; 15% for Sunday-Thursday nights; and 15% or 20% for Wholesale bookings.
 - Hopper works on a merchant model, paid by a virtual credit card (VCC), and you will not need to reconcile commission monthly.
 - **New Rate Plans:**
 - **For hotels on choiceADVANTAGE:** Best Available Room-equivalent Rate (SHOPPR), Advance Purchase (SAPR1P, SAPR2P), Length of Stay Promo Rate (SP1P, SP2P, SP3P, SP4P, SP5P, SP6P), and Wholesale (SITC & SIT).
 - **For hotels on Opera:** If your property is still using Rate Codes Express (CEX) and Curtis-C, then you will continue using the previous Radisson codes and commission until your property converts to the Choice Opera connection (choiceEDGE) later this year. After that, the above rates will apply.
- **Can I opt out?** Yes. If you would like to opt out, please submit [this form](#) on ChoiceNow by November 13.

Questions? We have multiple resources available to help you:

Notice: New Hotelbeds Wholesale Rate Plans

Wholesalers are a valuable part of revenue generation and distribution strategy, diversifying your portfolio as they reach hundreds of source markets around the globe, hold relationships with key demographics, and have relationships with domestic and international travel agents we normally could not reach on our own.

Introducing two new rate plans for Hotelbeds, our biggest wholesale resource.* These special rate plans (SRPs) are essential for Hotelbeds to continue their momentum in finding bookings across their customer base, helping generate revenue for your hotel. We are currently working on contract negotiations with Hotelbeds and anticipate that in early November, we will begin using these SRPs:

- **SHBUSF:**

- This is a Semi-Flexible, yieldable rate plan designed for consumer bookings further out.
- The expected discount of this yieldable rate is 6% off BAR + Margin.
 - If your property is on Rates Center, please ensure your PCT2A rate bucket reflects a 6% discount to stay in parity across all channels.
 - If your property is on Rate Codes Express (CEX) or on Rates & Inventory, the default is 6%.
- There is 4-day minimum advance booking for this rate.
- This rate includes a 3-day cancellation policy, and then it is non-refundable.

- **SHBED2:**

- This is a Participation Optional dynamic, yieldable rate plan designed for close-in business needs.
- The yieldable discount is between 26-40% off BAR.
 - If your property is on Rates Center, Participation will soon be defaulted to “No”. If you would like to participate, please update the Participation drop down to “Yes” and save. You can update the discount WHSL4 bucket to your desired amount within the range.

- If your property is on CEX or Rates & Inventory, this rate plan is loaded and mapped to CEX rate Y-HBED2*.
 - Y-HBED2* rate amounts are distributed to Choice through the mapping. Please ensure it is at the appropriate discount level in CEX. You may still control this rate plan in CEX to close off distribution when necessary.
 - If you want to adjust the discount level, please submit the [Revise Existing Rate Plan/Package](#) form in [ChoiceNOW](#).
 - If you have Y-HBED3* and/or Y-HBED4* loaded in CEX, those will no longer distribute to HotelBeds.
- There is a 0–3-day maximum advance booking for this rate.
- This rate includes a 2-day cancellation policy, and then it is non-refundable.

Do I need to take action? Choice is setting up these rate plans on your behalf, but action may be required by November 10:

- For SHBUSF, if your hotel is on Rates Center, please ensure the discount level is at 6% and adjust if needed. No action is needed for SHBUSF if your hotel is on CEX or Rates & Inventory.
- For SHBED2, if your hotel wants to participate or adjust discount levels, please follow the instructions above.

Questions? Please contact your Choice Revenue Manager or Revenue Optimization Operations. For a complete listing of SRPs, click [here](#).

**Does not apply to Radisson Individuals[®] properties.*

Notice: Upcoming TrueView Maintenance Window from November 15 – 19

Due to a scheduled server migration, TrueView will be temporarily unavailable starting at 10 p.m. ET on Wednesday, November 15 through Sunday, November 19.

- **What to expect:** During the maintenance window, you will not have access to Quality Assurance reports and any TrueView functionality online, as well as the TrueView self-assessment app.
- **How to prepare:** If you will need to access reports, please download them prior to the scheduled maintenance window.

After the server migration, you may be asked to reinstall the TrueView app when you attempt to complete a self-assessment. Thank you for your understanding.
